# About Us

At Alqon Bathware India Private Limited, we are passionate about craftsmanship, quality, and timeless design. For over 20 years of manufacturing experience, we've been at the forefront of producing premium brass faucets that combine durability with elegance, transforming every space into a statement of luxury and function.

Founded with a vision to create faucets that stand the test of time, our company was born out of a love for precision engineering and a commitment to using only the finest materials. From the very beginning, we have strived to redefine what it means to craft products that are not only beautiful but also built to last.

Our dedicated team of skilled artisans and engineers work hand-in-hand to design and manufacture faucets that offer unmatched performance and aesthetic appeal. We take pride in our work, ensuring each piece undergoes rigorous testing and inspection before it reaches your hands, guaranteeing a product that is as reliable as it is stylish.

Sustainability is at the heart of what we do. From sourcing eco-friendly materials to adopting green manufacturing processes, we believe that luxury should not come at the cost of the environment. Our brass faucets are crafted with the future in mind, delivering sustainable solutions without compromising on quality or design.

Whether you're updating your home or outfitting a commercial space, Alqon Bathware India Private Limited provides the perfect blend of function, elegance, and craftsmanship. We are committed to enhancing your experience by offering faucets that elevate your space, making every drop count.

What began as a vision of a faucet has now evolved to include showers and other bathroom fittings. As well as the original hand-polished brass, our products are also available in multiple finishes that can be found on the following pages

# MANUFACTURING PROCESS

## OUR FAUCET SWING

### MANUFACTURING PROCESS

The manufacturing of each product is a labor-intensive process. Each undergoes numerous individual stages and quality controls before it leave out the factory.

**1 MOULD MAKING BY VMC MACHINE**  
We makes Die/Mould itself by using of high class VMC Machine to get a beautiful shape and size.

**SEMI AUTOMATIC CORE SHOOTER MACHINE**  
We uses semi Automatic We shooter Machine for better results.

**3 CASTING BY ELECTRIC INDUCTION FURNACE**  
We uses ingots and Honey Brass as a raw material which comes with a fixed percentage of copper and lead unlike others where scrap is mixed with zinc in an uncontrolled environment. we have an in house electric furnace with thermostatic control.

**CNC LATH MACHINE & IMPORTED DOUBLE SPINDLE MACHINE**  
We uses CNC Lath Machine & Heavy duty imported double spindle machines for machining processes like Boring, Turning, Drilling,

## OUR FAUCET SWING

### MANUFACTURING PROCESS

We retain control over every single stage, from the casting of the raw materials through to the electroplating and the finished accessories, Here, highly accurate computer controlled production steps alternate with careful hand craftsmanship. Ultimately, the decision whether the finished accessories meets our quality Standards is still made by a real person with a wealth of experience.

**GRINDING & EVERY SINGLE PIECE CHECKING**  
We grind the faucet to give smooth finish and check every single piece for our satisfaction.

**6 THREE LAYERS ELECTRO PLATING**  
Our products go through digitally controlled three layers electro plating plant for extra shiny look of our product.

**ASSEMBLING UNIT & WATER FLOW TESTING**  
After casting, machining and electroplating, products are ready to assembled. Our assembling unit is perfect for their work. Every product first assembled, checked and go through a high water flow testing.

**8 LASER MARKING & PACKING**  
After all major testing, products are ready to market by Laser Printing Machine and packed. Now the product is ready to despatched.

# WHY Alqon ?

## Unparalleled Craftsmanship

Each of our brass faucets is expertly crafted by skilled artisans, combining precision engineering with traditional craftsmanship to create products that are both beautiful and durable.

## Upto 10-Years On Site Warranty\*

At the core of Alqon's commitment to quality is their impressive 10-Years on site warranty. This extensive coverage begins from the date of delivery and encompasses manufacturing defects in Faucets. This warranty demonstrates confidence in their products and their dedication to customer satisfaction.

## Thoughtful Material Selection

Understanding that different components have varying lifespans, Alqon offers tailored warranties for specific elements. For instance, faucet bodies come with an impressive 10-year warranty, while internal cartridges are covered for five year. This thoughtful approach ensures that each part of your product is protected according to its unique characteristics.

## German-Engineered Quality

German Cartridges & Aerators used by Alqon, Gives Soft Foam Flow & Saves Water.

## Comprehensive Care Instructions

Alqon doesn't just provide a warranty; they empower you to maintain your faucet's longevity. The company offers detailed care instructions, from proper installation techniques to cleaning techniques. By following these guidelines, you can ensure your modern bathroom faucets remains in pristine condition for years to come.

## Rigorous Quality Control

Every faucet undergoes thorough testing to ensure it meets the highest standards of quality, durability, and functionality, giving you confidence in every purchase.

## Dedicated After-Sales Support

Our commitment doesn't end at the point of sale. We offer exceptional after-sales service to ensure your faucet continues to perform beautifully for years to come.

## Water-Saving Innovation

We are committed to creating solutions that make a real impact. Our water-saving taps are engineered to conserve water without compromising performance, helping you reduce your water usage while enjoying luxury and efficiency.

\*For Warranty Terms, Kindly refer to a Warranty Card.

Each and every one of our  
products has been expertly  
crafted and finished *by hand.*
